

Mars Series 77 Direct Mount Ball Valve

- Stainless Steel Ball Valve
- Direct Mount for Actuation
- RPTFE Seats
- Sizes from 1/4" - 4"
- ATEX Approved
- Lockable Handle
- Various End Connections

Description

The Mars series 77 is a three piece full bore ball valve in stainless steel, it has a pressure rating of 1000 PSI PN63. The valve has a raised ISO mounting pad conforming to ISO 5211, with a square stem top making it ideal for direct mounting of actuators. The valve is fitted with a blow out proof stem. RPTFE seats are fitted as standard and end connections are in BSPP, NPT, Socket and Butt Weld.

The valve is supplied with a lockable steel lever with a blue PVC sleeve. The unique three piece construction makes it possible to inspect or repair this ball valve very easily. The body can be removed from the pipe section, complete with ball and sealing rings in-situ and refitting of seals can be achieved without removing the connection pieces from the pipe. Service kits are readily available.

Description

Mars series 77 three piece full bore, fully maintainable manual ball valve. Stainless steel body and 25% carbon filled RPTFE seats. Direct mounting pad for easy actuation.
Temperature Range -20°C to 200°C.
Various end connections.
BSP, NPT, Socket Weld, Butt Weld SCHD 40.

Beschreibung

Mars Serie 77 dreiteiliger, vollständig wartbarer Kugelhahn mit vollem Durchgang. Edelstahlgehäuse und mit 25% Carbon gefüllte RPTFE-Sitze. Direkte Montageplatte zur einfachen Betätigung.
Temperaturbereich -20 °C bis 200 °C.
Verschiedene Endanschlüsse. BSP, NPT, Muffenschweißen, Stumpfschweißen SCHD 40.

Descripción

Válvula de bola manual de tres piezas, de diámetro completo, serie Mars, totalmente mantenible. Cuerpo de acero inoxidable y asientos RPTFE con relleno de carbono al 25%. Almohadilla de montaje directo para una fácil actuación.
Rango de temperatura -20 °C a 200 °C.
Varias conexiones finales. BSP, NPT, Socket Weld, Butt Weld SCHD 40.

Description

Robinet à boisseau sphérique manuel entièrement maintenable en trois pièces de la série Mars 77. Corps en acier inoxydable et sièges en RPTFE à 25% de carbone. Patin de montage direct pour un actionnement facile.
Gamme de température -20 °C à 200 °C.
Diverses connexions d'extrémité. BSP, NPT, Soudure à emboîtement, Soudure bout à bout SCHD 40.
