

Super linear bushings 

# Super linear bushing with misalignment compensation

## Super linear bushings, R0670 Closed

## Super linear bushings, R0671 Open

### Design

- Ball retainer and outer sleeve made of PA or POM
- Hardened steel bearing plates with machined ball guide grooves
- Balls made of rolling bearing steel
- Compensate for misalignments of up to 30 ft
- No wiper seal
- Integrated wiper seals
- No initial lubrication

Closed

Shaft Ø d (mm)	Material number No wiper seal	With two integrated wiper seals	Weight (kg)
	KBA- ...	KBA- ... -DD

With an integrated wiper seal: R0671 1 ... 40.

See Section "Customer-built housing" for separate wiper seals.

The dynamic load ratings are based on a total travel of 100,000 m.  
When based on 50,000 m, the C values in the table are multiplied by 1.26.
